Content

In this webinar Maggie explores the layers of stress, anxiety and grief for families that have been created by the pandemic. She then dives into the issue of students learning from home. Maggie will explore the reality of parents working from home with kids or teens underfoot, with some doing digital learning while in social isolation.

Resources

This webinar includes free resources, a comprehensive handout and will be available as a recording for a month after the event for schools to access.

We hope you find this helpful as we all navigate the pandemic together.

Please Stay Safe | Stay Well.

With kind regards ... Mrs Anne Ezzly | **Principal**
